Editorial Advisory Board

Professor A A Kader,
Department of Pomology,
University of California, Davis, USA

Dr C Knight,
Campden & Chorleywood Food Research Association, Chipping Campden, UK

Dr M E Nellist,
Silsoe Research Institute, Bedford, UK

Professor R E Paull,
Department of Plant Molecular Physiology,
University of Hawaii at Manoa, USA

Dr V Wright de Malo,
Department of Entomology,
Kansas StateUniversity,
Manhattan, USA

There is a strong emphasis on an integrated approach communicating important new advances in postharvest research.

Topics covered include:

- Storage
- Drying
- Grading
- Pest Management
- Contamination And Mycotoxins
- Processing And Extraction
- Handling, Packing And Transportation
- Social Policy And Legislation.

The **bibliographic content** of *Postharvest News and Information* is derived from CAB ABSTRACTS - the World's leading bibliographic database covering agricultural science in its broadest sense - and are also available on diskette.

Danish plant protection conference: side effects of pesticides, weeds 840
Developing African agriculture: achieving greater impact from research investments 1458
Drought-tolerant crops for southern Africa 1265, 1414
Ecologically safe alternatives for the control of stored-product insects 1677, 2155, 2166-2168, 2178-2180
Emex australis — biology, management and research 1025-1026
Engineering in agriculture and food processing 1481, 1509, 1513, 1518, 1530, 1547, 1573-1574, 1858, 2230
Engineering the economy 988-989, 1086
European Association for Potato Research 1976, 2140
European Association of Agricultural Economists 919
European Society for Agronomy 464, 489-491
Exotic horticultural plants with commercial potential in the United States market 828
Federation of Asian & Oceania Pest Managers Associations 966
First international symposium on mathematical modelling and simulation in agriculture and bio-industries 466
Florida State Horticultural Society 2216-2217
Fusarium mycotoxins 457
German Society for General and Applied Entomology 663, 2729
Globalisation des économies agricoles et alimentaires 1443
Grain drying in Asia 1483-1506, 1575, 1577, 1843, 1888-1901, 1944, 2012-2014, 2432
Hulled wheats 2481
IFAC/ISHS workshop on mathematical and control applications in agriculture and horticulture 59, 486, 978, 1000, 1120, 1124, 1462
IIRB (59th Brussels 1996) 1553, 2004-2006
Implications of global environmental change for crops in Europe 34
Improving oilseed quality: biocontrol of pathogenic fungi 373-374
Institut International de Recherches Betteravières 636, 1553, 2004-2006
Interamerican Society for Tropical Horticulture 336, 577-578, 926-927, 1525, 1558, 1614-1618, 1790
International asparagus symposium 529, 545, 2083, 2143
Conferences *cont.*
International cherry symposium 1999, 2107, 2294, 2431
International conference on banana and plantain for Africa 463
International conference on integrated fruit production 761, 765
International conference on jojoba and its uses 1144, 1195, 1396
International conference on juvenile hormones 266
International conference on new industrial crops and products 1144, 1195, 1396
International conference on pests in agriculture 2207-2211, 2692, 2698
International congress of flavours, fragrances and essential oils 327-328, 458, 533, 910
International horticultural congress 337
International mango symposium 1881
International peach symposium 1608, 1877, 2144
International plant protection congress 1677, 2155, 2166-2168, 2178-2180
International protea research symposium 94, 368
International summer meeting 880
International symposium on agricultural engineering 2385
International symposium on alliums for the tropics 755-757
International symposium on apricot culture 22-23, 171-173, 436, 902, 962, 2365
International symposium on breeding research on medicinal and aromatic plants 1539
International symposium on computer modelling in fruit research and orchard management 1136
International symposium on crop protection 732, 1689, 1695
International symposium on horticultural economics 1389, 1429, 1438, 1445-1446, 1452-1455, 1467, 1629, 1635, 1767
International symposium on insect-plant relationships 273
International symposium on oenology 459
International symposium on pistachio nut 1132, 1135, 1334, 1463
International symposium on quality of fruit and vegetables: influence of pre- and post-harvest factors and technology 86
International symposium on roses 1538, 1559-1560, 1791-1792, 1794, 1796-1798, 1879
International symposium on solanacea for fresh market 199-204, 461, 1051, 1329
International symposium on the genus *Lilium* 366-367, 462
International symposium on tropical fruits 2255
International symposium on tropical fruits. Improving the quality of tropical fruits 1642-1644, 1731, 1776, 1847-1848, 1880
International symposium on virus diseases of ornamental plants 2935
International symposium on viticulture and enology 396, 429
Kiwifruit growing 2559
Korean Society for Horticultural Science 1461, 1464
Melons and watermelons: strategies for improving market competitiveness 1878
Mineral nutrient disorders of root crops in the Pacific 2399
Minimal processing and ready made foods 2946
Modelling in applied biology: spacial aspects 2112
National meeting of the American Chemical Society 1886
New trends in obtaining rapeseed of high technological value 1564-1566
Conferences *cont.*
New Zealand plant protection conference 1749-1751
Occurrence and significance of ochratoxin A in food 1358-1360, 1370-1371, 1380, 1392, 1465
Peach-growing conference 2756
Pest control in the 21st century 966
Pesticides in food and drink 2868
Plant bioregulators in horticulture 337
Plant hormone signal perception and transduction 822
Plant quarantine statistics 2156-2158
Post-harvest treatment of fruit and vegetables: modified atmosphere packaging 140, 156, 707
Postharvest in fruit and berry 2430
Postharvest physiology of fruits 305-306
Postharvest physiology of ornamental plants 245, 338, 344-354, 770-771, 801-813, 816-821, 825-827, 956-957
Postharvest physiology, pathology and technologies for horticultural commodities: recent advances 252, 400, 738-744, 751
Postharvest treatment of fruit and vegetables: determination and prediction of optimum harvest date of apples and pears 152-154, 157-159, 316-318, 514-515, 579-581
Potato Association of America 964
Proceedings of the Regional Tea Research Seminar, Blantyre, Malawi 1017
Research and development of potato production in Pakistan 612, 708-709, 900, 963
Ruakura Dairy Farmers' Conference 1578
Science and technology for the fresh food revolution 1948, 1950-1951, 1953-1956, 1990-1994, 2007, 2045-2047, 2051-2057, 2062-2066, 2070-2072, 2221-2224, 2231-2233, 2269, 2271-2275, 2313, 2316-2318, 2370, 2388-2389, 2423, 2429, 2765-2770, 2931
Science for horticultural practice 150, 1544, 1619, 1624-1625, 2079, 2319-2320, 2483, 2500
Scientific meeting of the Institute of Plant Protection 654, 1706
South African Sugar Technologists' Association 1556-1557
United Planters' Association of Southern India 428
Upland agriculture in Asia 899
Useful tropical plants 80-81

LIST OF SERIALS ABSTRACTED

Listed below are the titles of the serial publications (excluding most annual reports and conference proceedings) abstracted during 1997 for this journal.
Many other serials were scanned during 1997 but no relevant articles were selected. A full list of all the serials scanned for items suitable for abstracting for the CAB ABSTRACTS database and the whole range of CABI's abstract journals is given in the *CAB International Serials Checklist, 1995 edition.* The publication includes ISSNs and publishers' addresses.

Notes For Authors

Postharvest News and Information is a news, reviews, and abstracts journal designed to keep its international readership up to date with important developments in postharvest research and technology. The journal occupies a niche between primary research journals and conventional review journals and is not normally a vehicle for the publication of original research data or methods.

There is a strong emphasis on an integrated approach communicating important new advances in postharvest research. Topics covered include: storage; drying; stored product research; pest management; contamination and mycotoxins; processing and extraction; handling, packing and transportation; social policy and legislation.

Page Format. The *Journal* is printed in a two-column format (column width of 80 mm) with a text area of 257x165mm. The abstracts printed in the *Journal* are available electronically.

Text. Papers should be typed, on one side of the paper only, with double line spacing and ample margins (at least 1.5cm) on each side and with no underlining or bold in text except for scientific names. Draft quality print from a word-processor is not acceptable. Standard abbreviations (e.g. fig. and figs) and metric units must be used. Use British rather than American spellings. Use 'z' rather than 's' spellings in word with 'ize'.

Disks. Upon acceptance, authors are requested to submit a computer disk containing the final version of their paper along with the final manuscript to the editorial office. Please do the following: (1) Label disk clearly with author's name, title of journal and short title of the article; (2) Specify which word processing software (including which version) was used (e.g., WordPerfect 6.0); (3) Specify what computer was used; (4) Include both original file and ASCII file on the disk; (5) Keep a backup disk for reference and safety.

Abstract. Each paper must commence with a carefully prepared, accurate, informative abstract, in one paragraph, that is complete in itself and intelligible without reference to text or figures. It should not exceed 250 words. A short title should be provided as a running head.

Tables. Tables should be reduced to the simplest form and present only essential data. They should be submitted on separate sheets at the end of the article and must fit into single column, full width or landscape (if absolutely necessary) format. Captions should be typed on a separate sheet. The use of vertical rules should be avoided.

Illustrations. Copies of artwork only should be submitted. The original illustrations should accompany the paper after acceptance and revision. Captions should be typed on a separate sheet.

Line drawings
These should be sharp and clear, black ink on white paper to about 1.5 times the intended final size. The lettering and lines should be of sufficient thickness and quality to stand reduction. Computer generated figures and graphs should not contain grey tints or complicated hatching.

Half-tone photographs
Black and white half-tone photographs are acceptable where they are a real contribution to the text. They should be prints of good quality at the intended final size with any required lettering inserted by the author.

References. References must be based on the name and year system, give full journal titles and confirm to the following styles:

> **MacDougall, A.J.; Parker, R.; Selvendran, R.R.** (1995) The use of nonaqueous fractionation to assess the basic composition of the apoplast during ripening. *Plant Physiology* **108**, 1679-1689
>
> **Bewley, J.D. and Black, M.** (1994) *Seeds: Physiology of development and germination* (2nd Edition) New York, Plenum Press
>
> **Bigler, F.** (1994) Quality control in Trichogramma production. In: Wajnberg, E.; Hassan, S.A. (eds) Biological control with egg parasitoids. Wallingford, UK; CAB INTERNATIONAL, pp. 93-111

Citation of authors in the text should appear in the form: Polaszek (1996) or (Polaszek 1996). More than one author should be cited in chronological order as: (Blackman *et al.*, 1995; Roberts & Kumar, 1994).

Proofs. Authors will receive two sets of page proofs. One set is for correcting and should be returned as promptly as possible to the address given, the other set is to be retained.

Voucher copy. A voucher copy of the *Journal* is provided free to the author (or major author) of each paper.

Offprints. 25 copies of each paper are provided free to the author (or major author) of each paper. Additional copies may be obtained on payment and the number required must be specified and ordered at proof stage, when prices will be quoted. Orders must be received before the issue has gone to press.

Copyright. Authors will be supplied with a copyright form which must be completed and returned to the Publisher. Papers are accepted on the understanding that the work has been submitted exclusively to the *Journal* and has not been previously published elsewhere unless otherwise stated.

Disposal of material. Once published, all copies of the manuscript, correspondence and artwork will be held for six months before disposal. Authors must contact the Editor if they wish to have any material returned.

Manuscripts. Two copies of the manuscript and artwork should be submitted to:

The Editor, *Postharvest News and Information*,
CAB INTERNATIONAL, Wallingford, Oxon OX10 8DE, UK.

CAB INTERNATIONAL PUBLISHING

CAB INTERNATIONAL (CABI) is a not-for-profit organization in the areas of agriculture, forestry, the management of natural resources and related sciences including human nutrition and health. An active Publishing Programme, under CABI's Publishing Division, markets and publishes worldwide a range of printed and electronic products within these subject areas.

The products are predominately outputs from CABI's main databases, CAB ABSTRACTS and CAB HEALTH, which contain over 3 million bibliographic records of the world's scientific and technical literature since 1973.

CAB ABSTRACTS is the world's leading bibliographic database covering all aspects of agriculture, forestry, veterinary science, soil and water science, as well as leisure, recreation and tourism and human nutrition.

CAB HEALTH covers parasitic, tropical and communicable diseases of man (including HIV/AIDS), community and public health, human nutrition, and medicinal and poisonous plants.

FROM THE DATABASES:

CAB ACCESS
Provides fast, weekly access to the key literature in agriculture and bioscience.

ABSTRACT JOURNALS
Printed journals covering broad disciplines as well as specialist interests. Some journals also contain news and other information including review articles. Also available on floppy disk.

CD-ROM
CAB ABSTRACTS on compact disc, the CABCD, available back to 1973.

CAB HEALTH - available back to 1973.

CAB SPECTRUM - Subject-specific discs containing at least 20 years of information on each of the major broad disciplines.

CAB COLLECTION - Narrower subject discs containing nearly 25 years of information in a unique, searchable, bibliographic archive.

MAGNETIC TAPES
Organizations with access to mini or mainframe computers may lease all or part of the CAB ABSTRACTS database.

ANNOTATED BIBLIOGRAPHIES
Printed or electronic compilations on specific topics.

CAB ALERTS
A monthly current awareness service providing subscribers with the search results from standard profiles.

CAB PROFILES
Personalized current awareness profiles based on the most recent input to the database, tailored to individual needs.

LITERATURE SEARCH SERVICE
A Question and Answer and Literature Search service are available.

ALSO:

PRIMARY JOURNALS
Bulletin of Entomological Research, Seed Science Research, Journal of Helminthology, Soil Use and Management ,Outlook on Agriculture, British Journal of Nutrition, Proceedings of The Nutrition Society and Nutrition Research Reviews.

NEWSLETTERS
Authoritative, accurate and up-to-date synopses of current topics reflected in the international media as well as the technical, scientific and medical press.

SERIAL PUBLICATIONS
Index of Current Research on Pigs, Distribution Maps of Pests, Distribution Maps of Plant Diseases, Bibliography of Systematic Mycology, descriptions of Pathogenic Fungi & Bacteria, Index of Fungi and Systema Ascomycetum.

BOOKS
CABI has an active book publishing programme and publishes over 60 new titles every year, some of which are available in electronic form. Please contact the Commissioning Editor.

CROP PROTECTION COMPENDIUM
A CD-ROM containing detailed, illustrated data on over 1000 major pests, including pathogens and weeds, and quarantine pests. It covers 150 crops of the world, and 150 countries of the world.

SCIENTIFIC SOFTWARE AND REFERENCE TOOLS
Interactive Taxanomic Identification Keys and authority titles to arthropods, fungi and nematodes.

CABI on the WWW
You can find out more about CABI publications and services at http://www.cabi.org
